The Otter Tail Township Board of Supervisors is opposed to the plan to take water from the Otter Tail area aquifer to supply the Fargo/Moorhead area. There are numerous farmers and home owners that could very likely be faced with the prospect of running out of water in their wells should this transfer of water occur.

The Fargo/Moorhead area should either curtail their growth to match available water, or at the very least, begin now to conserve water. Neither of these appear to be happening at this time. It seems very unfair for the Fargo/Moorhead area to adversely affect the Otter Tail area in this way. Please find other alternatives to supplying Fargo/Moorhead with water in the future.

Chairman of the Board of Supervisors

Bruce Spanswick

Otter Tail Township Clerk

Don Dreyer
