Comments:

As a member of this Tribe, my opinion and comment is that we (tribe) are being denied that need water also. The Habitat have survived as we have all these years with what we now have.

The Corps of Engineers are for water - isn't that right? So why are they taking land from Standing Rock?

We do not need to pipe this water any place but down the Missouri River, as it is the River is becoming a stream.

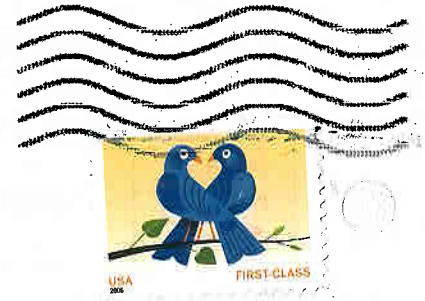

Do not pipe it (water) any where else.
