Bureau of Reclamation
Attn: Dennis E Breitzman
304 East Broadway Ave
Bismarck, ND 58501

Dear Mr. Breitzman:

On behalf of citizens of Dead Lake Township, Otter Tail County, Minnesota, we wish to express our continued opposition to the proposed Read River Water Supply Project's drawing water from the Pelican River and Otter Tail Aquifers.

As we expressed in our letter of April 10, 2006, it is our opinion that the Fargo-Moorhead area should consider a rate of growth that is sustainable by its local natural resources rather than to draw from water resources that are essential to the environmental and economic of health of Otter Tail County.

Sincerely,
John Kimple, Supervisor
Deal Lake Township
